MacMechan, (Prof)
[Halifax, N.S.]
Oct 1917

October 17th, 1917

Professor MacMechan,

Victoria Road, Halifax, N.S.

My dear MacMechan:

I am always glad to hear from you. The question of the Chair in Latin is causing us a great deal of anxious thought. Patton and other members of the Classical staff are co-operating with me in the matter, and I shall to a very large extent be guided by their opinions, though of course the responsibility in the long run will fall on me.

I know Masters well and have a high opinion of him. He is a most companionable fellow and a scholar of fine attainment.

The question that is giving us most thought is where we can get a man who will keep Latin in a position of influence in the Province. Just now it is having a hard time. The Board of Governors also feel that we should if possible get some men of outstanding reputation to take the places of those whom we have recently lost. So far we have not come to any decision, but I hope that when we have made up our minds the decision will be satisfactory.

With kind regards, I am,

Yours sincerely,

President.
